HOW TO USE THIS CALENDAR

The following provides an overview of the structure of this Calendar to guide users.

General Information

This section provides the contact information for the Faculty and University.

Degrees and Diplomas conferred in the Faculty

This section provides information on each of the qualifications conferred in the Faculty.

Explanation of the National Qualifications Framework (NQF)

This is a brief section on the NQF levels and qualification types.

Faculty Board and Faculty Office Staff

This section lists staff members who constitute the Faculty Board and Faculty Office staff members.

Lecturing and Technical Staff

A comprehensive Faculty staff listing per Department, Centre, Institute, School or Unit is provided.

Rules for Programmes

This section provides information on the rules for each academic programme at undergraduate and postgraduate level offered by the Faculty. These rules should be read in conjunction with the academic rules (Section 3) of the General Calendar (Part 1). Students should acquaint themselves with the rules in both Calendars and annually check for rule and curriculum changes.

Module Descriptors

This section provides information on all the modules offered by the Faculty at undergraduate and postgraduate level. Module descriptors contain information which relate to the main outcomes and content for each module, including the credit value and NQF level of the module. It is set in alphanumeric order per Undergraduate and Postgraduate offering.

Explanation of Symbols and Remarks on Academic Transcript

This section provides an explanation of the symbols used and the remarks on the academic transcript.

D.234 ASSESSMENT RULES

Assessment is governed by Rule A.5 as stipulated in the University Calendar: General Information Part 1.

D.235 PROMOTION RULES

Unless Senate decides otherwise and subject to Rule A.3.2.3 or as provided for in the Faculty rules:

D.235.1 Full-time

A full-time student shall complete the programme in one year. A student who has passed at least 90 credits may proceed with his/her studies for one additional year to complete the programme in the following year.

D.235.2 Part-time

A part-time student shall complete the programme in two consecutive years and accumulate at least 45 credits per annum to proceed with his/her studies. A student who has accumulated 90 credits within two years may be allowed to proceed for one additional year to complete the programme.

D.236 RENEWAL OF REGISTRATION

Renewal of registration shall be governed by Rule A.4, as stipulated in the University Calendar: General Information Part 1 or as provided for in the Faculty rules.

BACHELOR OF ARTS (HONOURS) (1705)

D.237 ADMISSION

Unless Senate decides otherwise, a student shall be required to meet the following criteria to be enrolled for the **Bachelor of Arts Honours Degree – BAHons (as indicated in D.240)**:

A Bachelor's Degree with an average of at least 65% in the final mark in a relevant Social Science, Health Science, Public Administration or Business discipline.

D.237.1 Admission into Industrial Psychology

- D.237.1.1** An applicant requires a Bachelor's Degree with Industrial Psychology/Human Resources Management as a major (or equivalent qualification) for admission to the Honours programme in Industrial Psychology.
- D.237.1.2** An applicant should have obtained an average of at least 60% in the exit level modules in Industrial Psychology/Human Resource Management with a sub-minimum of 55% per module. The Department of Industrial Psychology reserves the right to limit the annual intake of students for the Honours programme based on a consideration of both the internal capacity of the Department and/or academic performance of applicants.
- D.237.1.3** An applicant who has not completed the required undergraduate and/or equivalent modules in Industrial Psychology shall not be allowed to register for this programme.
- D.237.1.4** An applicant from another university, Faculty and /or Department will have to meet the requirements as stipulated by the Department. Such requirements shall include the completion of a bridging programme (i.e. relevant modules to be prescribed by the Department) and the student obtaining a pass mark of at least 60% per module. Each case shall be assessed in terms of the individual merit and at the discretion of the Department.
- D.237.1.5** An applicant who chooses Industrial Psychology and who has completed a Bachelor of Commerce Degree, but not in Industrial Psychology, may apply to complete the outstanding modules as an occasional commerce student. However, the completion of prescribed occasional commerce modules in Industrial Psychology does not guarantee the applicant an automatic entry into the Honours programme. An applicant who has completed the prescribed occasional commerce modules will still be subjected to a formal selection process. The Department of Industrial Psychology reserves the right to limit the intake of occasional commerce students based on a consideration of both the internal capacity of the Department and/or academic performance of the applicant.

D.238 SELECTION
