

The following components have been identified since the larger research framework was established in 2006:

- a) Mapping Systematic Theology in Africa
- b) Bibliographic research on Systematic Theology and Ethics in African theology
- c) The development of a series of textbooks in Systematic Theology for use in (Southern) Africa
- d) Conferences in the field of African Christian theology
- e) African perspectives on “Ecclesiology and ethics”
- f) Reconciliation Processes in Theological Perspective
- g) Ecumenical theological education in the African context
- h) The quest for denominational identity in South Africa
- i) Ecumenical discourse on the “God of Life”

For a detailed description of this project, progress that was made in each year and plans underway for the future, please consult the reports for [2012](#) and [2013](#) in this regard.
